Assistant Commissioner for Patents  
Washington, DC 20231

Sir:

LETTER

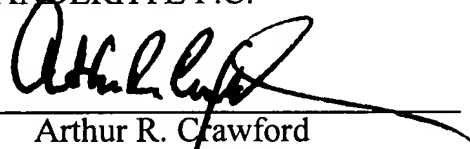

I just noticed a transcription error in the Remarks portion of the Amendment filed August 14, 2001 in the above.

Specifically, on page 9, second paragraph the particle size ranges from 0.2 to 5 micrometers (not 3 micrometers as incorrectly stated in the remarks). Please take this into account when processing and considering this Amendment.

Respectfully submitted,

NIXON & VANDERHYE P.C.
